

WARREN PIES, ERP

Energy Strategist

Warren Pies, ERP, Energy Strategist, authors Commodity publications with an emphasis on Crude Oil, Natural Gas, and Energy Sector equities, including MLPs. He is directly responsible for NDR's Energy recommendations and positioning. As the architect behind many of the firm's commodity-related studies, models, and unique indicators, Warren's work combines proprietary fundamental, technical and macro indicators to identify major investment themes and market trends affecting the Energy Complex.

Warren is a frequent contributor to the media including participating in the 2013 Barron's MLP Roundtable discussion. In 2014, Euromoney Institutional Investor awarded Warren the Padraic Fallon editorial award for his research on the Shale Revolution's impact on the Energy Sector.

Prior to joining NDRG, Warren was a practicing attorney specializing in regulatory approvals for various industrial activities and projects.

He earned both his Bachelor of Science degree and Juris Doctorate from the University of Florida. Warren is an Energy Risk Professional – Certified by the Global Association of Risk Professionals.
