

London Stockton

Research Analyst

London Stockton, Research Analyst, is a member of NDR's Analyst Team. London primarily works with Ned Davis, the firm's Founder and Senior Investment Strategist, creating indicators, models, and studies, as well as building and maintaining charts and reports. London joined the firm in 2010, working first with the Market Data group, before moving to his current role as a Research Analyst in 2013.

London graduated **cum laude** from the University of South Florida, where he earned a Bachelor of Science degree in Finance.
